Who Are We

SAKAI Professional started its journey from a small home appliance company to a brand name in the market by achieving several goals of success.

SAKAI Professional, set up in 2010, the company over the years has become a foremost name in Home & Kitchen Appliances, conforming to various National & International Standards. Our innate forethought to study & identify consumer needs by offering well-designed & engineered products, has made us one of the country's leading brand in the field of Home & Kitchen Appliances.

SAKAI Professional Products are approved by various quality institutions including ISI, CE as well as ISO for standard & safety and enjoy an active patronage of numerous Government and eminent Industrial Houses in India as well as in the International Market.

We, at SAKAI Professional, have tried to go along with the necessity of the people, therefore, we are constantly performing and fulfilling our responsibilities towards our commitment to provide the utmost satisfaction of our consumers by offering them best quality and value for money products.

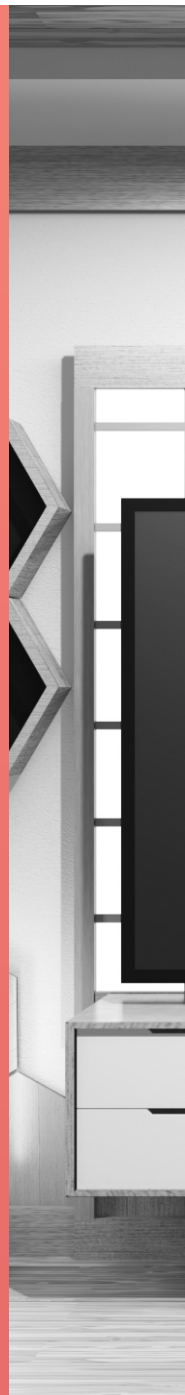

We always welcome the most valuable suggestions from our consumers to continuously enhance our quality standards & working ethics in order to touch the dizzy heights of consumer satisfaction by giving a pleasant smile on their face.

Our Mission

To provide high quality products that combine performance with value for money pricing, while establishing a successful relationship with our customers and our suppliers.

Our Vision

To become the most successful and respected consumer electronics & electricals company in India. We will earn our customers' respect through continuous improvement driven by integrity, teamwork and innovation.

Why Us

30000+ Products Sold Per Year
